ONE CALENDAR PAD IS
DESIGNED TO DISPLAY
THREE CONSECUTIVE
MONTHS...

Such an arrangement can show
any three months desired. The
most common use would show the
past, current and following months.

Leaves are printed on both sides so
that a single pad can be used to
show three months on one board or
six months on two boards.

Separate the leaves at the perfora-
tion and place on board or boards
as desired.

Boards fitted with hooks for dis-
playing the calendar in three-
month increments may be ordered
as separate items. Do not destroy
the boards as they may be used
year after year.

OR SINGLE USE

For single use do not separate the
leaves at the perforation or detach
them after use as each leaf contains
two months. Hang on wall or by
thumbtack and fold leaves over.
