Sanitizers, Wipes and Masks

The NIH Supply Center is working directly with the manufacturers to procure PPE (Personal Protective Equipment - including hand sanitizer) for the NIH community.

Shipments are coming in daily, hence the hand sanitizer and PPE are rapidly flying off the Self Service Stores shelves.

We advise customers to submit internal orders for sanitizers, wipes and masks via NBS or POTS, as this will help us gauge the amount we need to order and it will establish a priority list for issue.

We will continue to push product to our stores daily and we will notify our customers via the Supply Center Customer List Serve.

Please contact the NIH Supply Center Customer Service at 301-496-3395 or via email at:
